## Use of Student Photographs and Material

August 2015

Dear Parents,

In an effort to keep the school community informed and to celebrate the many events and activities that take place at the Lake Placid Elementary School, we use photographs, quotes, movies and videos of students. Frequently the student's name will appear with their photograph or work. These images and words may be edited or reused for non-profit purposes in print, on the internet and all other forms of media. These frequently appear in our school publications, on the school website and sometimes in the local newspapers.

**Please note:** If you **OBJECT** to having your child appear in any school photographs or other media that we use in our publications, please let us know by filling out the bottom portion of this letter and returning it to school. We will make every effort to keep your child's photograph or written work out of any publications. The Lake Placid Central School District, its agents and employees are released from all claims, demands and liabilities whatsoever in connection with the above.
