

(X) Required Local Notice**STUDENT WELLNESS**

Given the documented connection between proper nutrition, adequate physical activity and educational success, the Board of Education adopts the following goals and authorizes the following actions to provide district students with a school environment that promotes student health and wellness and reduces childhood obesity.

For purposes of this policy, “school campus” means all areas of district property accessible to students during the school day; “school day” means the period from the midnight before to 30 minutes after the end of the official school day; and “competitive food” means all food and beverages other than meals reimbursed under federal food programs available for sale to students on the school campus during the school day.

I. School Provided Foods and Beverages Available to Students on school campus during the school day

The Board recognizes that a nutritious, well-balanced, reasonably- portioned diet is essential for student wellness. To help students possess the knowledge and skills necessary to make nutritious food choices for a lifetime, the district shall ensure that all foods and beverages available in school promote good nutrition, balance, and reasonable portion sizes. The district shall ensure that all foods and beverages available for sale to students on the school campus during the school day meet or exceed the program requirements and nutrition standards found in federal regulations.

To accomplish this, the Board directs that the district serve healthy and appealing foods and beverages at district schools, following state and federal nutrition guidelines, as well as safe food preparation methods.

School Meals – the district shall

1. *Include fruits, vegetables, salads, whole grains, and low fat items at least to the extent required by federal regulations.*
2. *Encourage students to try new or unfamiliar items.*
3. *Make efforts to ensure that families are aware of need-based programs for free or reduced-price meals and encourage eligible families to apply.*
4. *Consider serving produce and food from local farms and suppliers.*
5. *Make free drinking water available at locations where meals are served.*

Meal Scheduling – the district shall

1. *Provide adequate time to eat, with 20 minutes being a minimum.*
2. *Schedule lunchtime between normal lunch hours.*

Foods and Beverages Sold Individually (e.g., a la carte, vending machines, school stores) – the district shall

1. Ensure that all such items meet the nutrition standards set in federal regulations for competitive foods regarding whole grains, fruits, vegetables, calories, fat, saturated fats, trans fats, sugar, sodium, and caffeine.
2. Permit the sale of fresh, frozen or canned fruits and vegetables, if processed pursuant to federal regulations, as exempt from the nutrition standards.
3. Work with existing vendors or locate new vendors that will comply with nutrition standards.

Fund Raising Activities – the district shall

1. Ensure that all fundraisers selling food or beverages to students on school campus during the school day meet the competitive foods nutrition standards set in federal regulations for whole grains, fruits, vegetables, calories, fat, saturated fats, trans fats, sugar, sodium, and caffeine.
2. Promote non-food items to sell, or activities (physical or otherwise) in which to participate.

Celebrations – (This section applies to all school and classroom parties, snacks which have been brought in for the class or school, celebrations, food provided to learn about cultures or countries, and other events where food is provided but not sold.) - the district shall

1. Set guidelines for the frequency and content of classroom and school-wide celebrations where food and beverages are provided.
2. Promote the use of food and beverage items which meet the standards for competitive foods and/or promote non-food activities at celebrations.
3. Model the healthy use of food as a natural part of celebrations.

Marketing of Foods and Beverages

1. Any food or beverage that is marketed on school grounds during the school day must meet at least the federal nutrition standards for competitive items.
2. This restriction applies to all school buildings (interior and exterior), school grounds, school buses and other vehicles used to transport students, athletic fields, structures, parking lots, school publications, and items such as vending machines, equipment, posters, garbage cans, or cups.
3. Marketing includes all advertising and promotions: verbal, written, or graphic, or promotional items.
4. This restriction does not apply to personal opinions or expression, or items used for educational purposes.
5. This restriction applies to all purchases and contracts made after the effective date of this provision.

II. Physical Activity

Physical activity is an important factor in staying healthy and being ready to learn. The Board encourages every student to develop the knowledge and skills necessary to perform a variety of physical activities, to regularly participate in physical activity, and to appreciate and enjoy physical activity as an ongoing part of a healthy lifestyle. In addition, staff, families, and

community are encouraged to participate in and model physical activity as a valuable part of daily life. The district's Physical Education program shall adhere to the curricular requirements of the Commissioner of Education and the New York State Learning Standards.

Physical Education

1. *Students shall engage in physical education for at least the minimum number of hours or days per week under State requirements.*
2. *Physical Education classes shall incorporate the appropriate NYS Learning Standards.*
3. *Physical Education classes shall promote, teach and provide opportunities to practice activities that students enjoy and can pursue throughout their lives.*
4. *The performance or withholding of physical activity shall not be used as a form of discipline or punishment.*

Recess

1. *Maintain daily allotment of recess time for elementary school.*
2. *Recess shall not be used for punishment or reward.*
3. *Permit scheduling recess before lunch.*
4. *Recess will be held outdoors whenever possible, and indoors during the most inclement weather, at the discretion of the Building Principal.*

Physical Activity in the Classroom

1. *Promote the integration of physical activity in the classroom when appropriate both as activity breaks and as part of the educational process.*

Extracurricular Opportunities for Physical Activity

1. *Promote clubs and activities that meet the various physical activity needs, interests, and abilities of all students.*

III. Nutrition Promotion and Education

The Board believes that nutrition promotion and education is a key component in introducing and reinforcing healthy behaviors in students. Nutrition promotion and education that teaches the knowledge, skills, and values needed to adopt healthy eating behaviors shall be integrated into the curriculum. Nutrition promotion and education information shall be offered throughout the school campus including, but not limited to, school dining areas and classrooms. Staff members who provide nutrition promotion and education shall be appropriately certified and trained. The district's broader Health Education program shall incorporate the appropriate New York State Learning Standards.

The district's nutrition promotion and education includes:

- 1. Nutrition education as part of not only health education classes but in other subjects as well as when appropriate.*
- 2. Enjoyable, developmentally appropriate, culturally relevant, participatory activities, such as contests, promotions, taste testing, farm visits, and school gardens.*
- 3. Promoting fruits, vegetables, whole grain products, low fat dairy products, safe and healthy food preparation methods, and health enhancing nutrition practices.*
- 4. Emphasizing caloric balance between food intake and energy expenditure.*

IV. Other School-Based Activities

The district may implement other appropriate programs that help create a school environment that conveys consistent wellness messages and is conducive to healthy eating and physical activity. Such activities may include, but are not limited to, health forums or fairs, health newsletters, parent outreach, employee health and wellness activities, limiting the use of food as a reward, reviewing food marketing and advertising in school, hosting or promoting community-wide events, and offering wellness-related courses in the district's adult education program.

Implementation

The Board shall designate the Wellness Coordinator at the reorganization meeting in July of each year. The name and contact information will then be posted on the school website. The Wellness Coordinator is to be responsible for ensuring that the provisions of this policy are carried out throughout the district. The Board may also designate one person in each building as School Wellness Coordinator to ensure that the wellness activities and actions are being implemented at the building level.

Monitoring and Review

The Wellness Coordinator shall report every three years to the Board and the public on the implementation and effectiveness of this policy. Every three years the Wellness Coordinator, in consultation with appropriate personnel and advisory committees, shall monitor and review the district's wellness activities to determine the extent that district schools are complying with this policy, how this policy compares to model wellness policies, and the progress made toward attaining the goals of this policy and whether this policy is having a positive effect on increasing student wellness and decreasing childhood obesity in the district. Based on those results, this policy, and the specific objectives set to meet its goals, may be revised as needed.

Parents, students, food service professionals, physical education teachers, school health professionals, school administrators, the general public and the school board shall be provided with the opportunity to participate in the development, implementation and periodic review and update of this wellness policy.

The district shall provide information to the public (including parents, students and others in the community) about the content and implementation of this wellness policy.

The district shall monitor and review the implementation and effectiveness of this policy by conducting a variety of surveys, data collections, etc. which might include several of the following:

1. *Periodic informal surveys of Building Principals, classroom staff, and school health personnel to see the progress of wellness activities and their effects.*
2. *Periodic checks of the nutritional content of food offered in the cafeterias for meals and a la carte items, and sales or consumption figures for such foods.*
3. *Periodic checks of the nutritional content of food available in vending machines, and sales or consumption figures for such foods.*
4. *Periodic checks of the amount of time students spend in Physical Education classes, and the nature of those activities.*
5. *Periodic checks of extracurricular activities of a physical nature, in the number of offerings and rates of participation by students.*
6. *Periodic checks of student mastery of the nutrition education curriculum.*
7. *Periodic completion of relevant portions of the CDC School Health Index.*
8. *Periodic review of data currently collected by the district, including:*
 - a. *attendance data, particularly absences due to illness;*
 - b. *physical education scores on flexibility, endurance, and strength (i.e., fitness test results);*
 - c. *student BMI (Body Mass Index) statistics, as collected in accordance with the State Department of Health efforts; and*
 - d. *revenues generated from vending machines and a la carte food items.*
9. *Periodic surveys of student/parent opinions of cafeteria offerings and wellness efforts.*
10. *Periodic review of professional staff development offered which focuses on student wellness.*

VII. Recordkeeping

The district shall keep records as required by federal regulations.
