The office closes once the late buses have left. Please be sure to pick up your student from clubs by 3:30pm and if there are any transportation issues, call the bus garage at 518-523-4277.

From The Office:

Congratulations Kai! Kai was recognized as our newest 46er during the Read Across America Assembly

Read Across America

The above students were recognized as being very tolerant, our PBIS theme for February

The Lake Placid School District Board of Education meets on the 1st and 3rd Tuesdays of every month.

We are still collecting bottles and cans to help raise money for our playground. Inside the Elementary foyer is a “garbage can” labeled for these items. Please feel free to deposit your recyclable bottles and cans here (but please make sure to NOT place garbage in there).

Please Check Lost and Found.
We are beginning to pile up

March PBIS theme:

Patience is “waiting without getting upset.” Some things just take time—like growing up, traveling from one place to another, or learning something new. A patient person responds to these situations with a positive outlook and attitude. This includes trying new approaches and “pushing through” in order to overcome obstacles.

Patience is a necessary part of life. Instead of getting frustrated when you face a difficult situation, patience helps you respond the right way—without getting upset or losing your temper. This makes everyone’s life better at school, at home, while driving in the car, or when checking out at the grocery store.

I WILL:

1. Wait my turn.
2. Not complain when I don’t get my way.
3. Accept what cannot be changed.
4. Use my time wisely.
5. Try and try again.

DISCUSSION STARTERS:

- What are some times you have to wait with patience? Can you name five specific examples from school or home?
- Think about the examples you just gave. What about these situations can you control? What is out of your control?
- What is the opposite of patience? (complaining, nagging, griping, fussing) What does this accomplish? How does complaining affect your attitude?
- How do you think patience can help you in life?
