Why does teamwork matter?

More often than not, effective teamwork is built on the following ten characteristics:

- Open and honest communication. ...
- Support risk taking and change. ...
- Defined roles. ...
- Mutually accountable. ...
- Communicate freely. ...
- Common goals. ...
- Encourage differences in opinions.

Teamwork skills are the qualities and abilities that allow you to work well with others during conversations, projects, meetings or other collaborations. Having teamwork skills is dependent on your ability to communicate well, actively listen and be responsible and honest. By working as a team, children develop important life skills like problem solving, listening, leadership, and creative thinking. Nurturing teamwork skills also develops higher levels of self-confidence, self-esteem, empathy, and compassion.

Help Wanted:

Each month students with perfect attendance that month are entered into a drawing to win a special prize for the quarter and eventually a larger prize at the end of the year. Since emphasizing attendance at LPES we have seen the attendance rate climb to 98% monthly. It is our hope that this ethic will then translate to a better work ethic as adults. In the past prizes have been donated by:

- The Palace Theatre
- Bowlwinkles Bowling Alley
- Boots and Birdies
- The Lake Placid Toboggan Chute

If you or someone you know would like to donate a prize to our *Excellence in Attendance* recipients, please contact Mrs. Franklin or send certificates/prizes to the elementary school. Each donation and its recipient will be mentioned in the newsletter.

In addition, if you or your group would like to sponsor a pizza for our annual Holiday Concert we welcome such donations. As part of our effort to make family attendance easier the LPES has been offering to "cook dinner" for families on busy nights such as the School-Home Connection meetings (nov), the Holiday Concert (dec) and Open House (Sept).
